

Communication Text Templates

These flexible texts can be used on your website, in a newsletter, or on social media. Whether or not you're hosting an event, these messages help you contribute to NL Space Week promotion.

Template A – General Announcement (No Event Confirmed)	Template B – Event Promotion (With Confirmed Activity)
<p>Suggested Title: Save the Date: Find Your Place at NL Space Week 2025</p> <p>Suggested Body:</p> <p>From 4 to 12 October 2025, NL Space Week will take place across the Netherlands, inviting people from all backgrounds to explore how space connects to life on Earth. Space is not just about rockets and astronauts — it plays a role in systems we all depend on, including weather forecasting, climate monitoring, navigation, communication, and sustainable innovation.</p> <p>With over 10,000 people expected to join each year, the week features open days, public events, talks, and guided visits in various locations throughout the country. Activities are organised by the Dutch space sector in collaboration with universities, research institutes, municipalities, startups, and other partners working with space-based solutions.</p> <p>[Organisation Name] is proud to support this national initiative. Whether you're a student curious about space-related careers, a policymaker working on climate resilience, or simply interested in understanding the role of satellites in daily life, NL Space Week offers a moment to connect with ideas, people, and opportunities.</p> <p> 4 to 12 October 2025  www.nlspaceweek.eu #NLSW25</p> <p><i>NL Space Week is powered by NL Space Campus in collaboration with ESA ESTEC and supported by the Dutch space sector.</i></p>	<p>Title: Join [Organisation Name] at [Event Name] during NL Space Week 2025</p> <p>Body: As part of NL Space Week 2025, [Organisation Name] will host [Event Name] on [Date] at [Location]. This event offers a chance to explore [insert short description, such as "how satellite data is used in local planning," "interactive activities for students," or "practical applications of space technology in daily life"].</p> <p>NL Space Week is a national programme that makes the role of space more visible and accessible. Events are taking place across the Netherlands and are organised by a wide range of partners — from research institutes and universities to companies, municipalities, and space organisations — all working to show how space contributes to society.</p> <p>Our event welcomes [target audience, e.g. students, families, professionals, or local communities], and we hope it provides new perspectives on how space connects to your world. Whether you're looking to learn something new, explore a project up close, or ask questions, you're warmly invited to join us.</p> <p> [Location]  [Date]  [Insert link for details or registration]  www.nlspaceweek.eu #NLSW25</p> <p><i>NL Space Week is powered by NL Space Campus in collaboration with ESA ESTEC and supported by the Dutch space sector.</i></p>
